WHY SPONSOR?

This is where the next generation of fashion consumers is.

Direct access to your target market

Every ticket sold is a fashion-conscious 18–28 year old from Delhi NCR. Not an ad impression — a person in the room with your brand.

Content at scale

Photography corner generates hundreds of pieces of branded social content. Attendees post. Your brand travels.

Hours of brand exposure

Your name on stage, runway skirt, programs, social content, and photography for the full duration of the evening.

Association with India's next designers

Sponsoring now means being the brand that backed the scene before it exploded. Early-mover equity.
